INDEPENDENT AUDITORS' REPORT

Board of Directors
Tedford Housing
P.O. Box 958
Brunswick, Maine 04011

We have audited the accompanying financial statements of Tedford Housing (a nonprofit organization), which comprise the statements of financial position as of June 30, 2016 and 2015, the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Tedford Housing as of June 30, 2016 and 2015, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D):

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the Statements of Cash Flows, the Organization considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

Functional Allocation of Expenses

The costs of providing emergency shelter and other activities are summarized on the functional basis in the Statements of Functional Expenses. Accordingly, certain costs have been allocated between Tedford Housing and supporting services benefited.

Investments

Investments are stated at fair value. Quoted market prices are used to value investments.

Land, Buildings, and Improvements

Land, Buildings, and Improvements are stated at cost. Depreciation is provided over the estimated useful lives using the straight-line method.

Deferred Revenue

Deferred Revenue results from grant money that has not been spent as of the balance sheet date. Revenue is recognized only to the extent expenses were incurred.

Donated Services and Materials

Donated food is reflected in the accompanying statements as contributions with a like amount included in food expense at its estimated market value at date of receipt. The value of donated services is not included in the accompanying financial statements since there is no objective basis available by which to measure the value of such services. However, a substantial number of volunteers donate approximately 50 hours per week of direct services. Volunteers have also donated significant amounts of their time in board activities.

Tax Exemption

Tedford Housing is a not-for-profit organization and is exempt from income taxes under §501(c)(3) of the Internal Revenue Code.

The Organization's investments in marketable securities with readily determinable fair values and all investments in debt securities are stated at their fair values in the Statements of Assets and Net Assets. Realized and unrealized gains and losses are included in the change in net assets.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, the Organization uses various methods including market, income, and cost approaches.

Based on these approaches, the Organization often utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumption about risk and or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable inputs. The Organization utilizes valuation on the observability of the inputs used in the valuation techniques the Organization is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values.

Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Pricing inputs are quoted prices available in active markets for identical assets or liabilities as of the reporting date.

Level 2 - Pricing inputs are observable for the assets or liabilities, either directly or indirectly, as of the reporting date, but are not the same as those used in Level 1. Fair value is derived principally from observable market data or other valuation methodologies.

Level 3 - Pricing inputs are unobservable for the assets or liabilities and include situations where there is little, if any, market activity. The inputs into the determination of fair value require significant judgment or estimation.
